and Folcroft Landfill Annex, Delaware and Philadelphia Counties, Pennsylvania**

Dear Mr. Egan:

Crompton Corporation ("Crompton") received a CERCLA Section 104(e) information request from Joan Armstrong, U.S. EPA Region III, dated July 15, 2003 ("Information Request") relating to the Lower Darby Creek Area Superfund Site ("Site"). This Information Request was directed to Witco Corporation c/o Crompton. On September 1, 1999, Witco Corporation ("Witco") and Crompton & Knowles Corporation effectively merged and the new entity is now known as Crompton Corporation. Crompton will therefore be responding to the Information Request. You agreed that Crompton could have an initial extension of time to respond until September 12, 2003, as confirmed in my letter to you of July 22, 2003, and you subsequently consented to a second extension until October 3, 2003. This letter constitutes Crompton's response.

Crompton has previously responded to two other information requests concerning the above site. The first such request, dated February 19, 2002 was directed to Bryton Chemical c/o Crompton Corporation. A Supplemental Request, dated May 13, 2002, was directed to Crompton Corporation. Crompton responded to those requests on April 12 and June 20, 2002, respectively.

The July 15, 2003 Information Request is essentially the same as the one dated February 19, 2002. Accordingly, Crompton responds by incorporating by reference its April 12, 2002 and
